available as ebook in pdf-format

Pages: 880 Pages

Release Date: 01.09.2010

Author: VDV und VDV Förderkreis e.V. (Hrsg.)

Format: 20,5 x 22,0 cm

ISBN: 100187

€19.90 *

Prices incl. VAT

This book covers the broad spectrum of environmental and climate protection measures in public transport: From planning, construction and vehicles to the operation of traffic facilities, buildings and technical facilities. Numerous application examples provide suggestions: for the implementation of environmentally friendly and energy-efficient measures in new projects, the revision of existing facilities and for research and teaching. The book is long since out of print but now available to download as PDF.
